REPTILES.

at the same time potentially burtful. And "reptile" fulfils this obnoxious duty. So when Beattie applies this term of reproach to a service poet, or Byron to a mean critic, they are not to be found fau't with. The sycophant in Shelley, the slave in Montgomery, even man—"the poor reptile man himself—in loftily moralizing Groome are metaphorically rendered, and not unfairly, by a term that zoologically implies either a turtle, a crocodile, a Knowline Low State of the other. It has given me a greatest of the other of the other. It has given me a greatest of the other. It has given me a greatest of the other. It has given me a greatest of the other. It has given me a greatest of the other. It has given me a greatest of the other. It has given me a greatest of the other houses and hotels are not as animated as a rels of apples lie rotting on the ground, man—"the poor reptile man" himself though an enormous quantity of cider was —in loftily moralizing Groome are

Now, all this is perfectly fair. We have attached to a certain word a certain metaphorical meaning, which is a very odious one. Thus, Bismarck calls the secret-service budget "the reptile fund." and he Man of Iron includes in it all such miserable creatures as venal editors and spies. The self-seeking parasite, the insidious hypocrite, the eringing slave, deserve the worst we can say of them, and as we have decided that there is nothing worse to be said of such than reptile-reptiles let them be. - Gentleman's Magazine.

MEDICINE IN SCHOOLS.

the Medical Profession Such a thing would once have been looked on as absurd. In ancient times the doctor purposely invested his art with mystery. More or less of the cies and actualities of things have greatly changed. Not only have other sciences laid richest gifts at the feet of medicine, but the latter has fully entered into their enlarged spirit,

in its long history, become a science.

We now understand as never before the nature and origin of epidemical roundings in place and person; the prominence of drinking infected water as a source of contagion; the value of disinfectants, as distinguished from mere deodorizers, and which of them

cess a threatening epidemic by concen-trating our force on the first solitary case, hedging it around by removal of importance of good house drainage, and the danger of poor plumbing. We also know that the air of the chamber is

it had been. I am ready to answer all ques-tions relative to this cure. Mrs. Jones A. McLosalb. Atlanta, Ga., August II, 1888.

I have had a cancer on my face for sor Knoxville, Iowa, Sept. 8, 1885.

For many years I was a sufferer with cance For many years I was a sufferer with cancer of the nose, and having been cured by the use of S. S. S., I feel constrained by a sense of duty to suffering humanity to make this statement of my case. With the fourteenth bottle the cancer began to heal rapidly and soon disappeared, and for several months there has been no appearance of a sore of any kind on my nose or face, neither is my nose at all tender to the touch. I have taken about two dozen hottles S. S., and am soundly cured, and I know that S. S. S. effected the cure after every known remedy was tried and has failed. known remedy was tried and had fall

Fort Gaines, Ga., May 1, 1885.

I had heard of the wonderful cures of Swift's Specific, and resolved to try it. I commenced taking it in April, 1884. My general health was much improved, yet the cancer which was in my breast continued to grow slowly but surely. The bunch grew and became quite heavy. I feit that I must either have it cut or die. But it commenced discharging quantities of aimost black, thick blood. It continued healing around the edges until February, when it was entirely healed up and well. Bersy Wood. Cochesett, Plymouth Co. Mass., July 13, 1885. Swift's Specific is entirely vegetable, and seems to cure cancers by forcing out the impurities from the blood.

Treatise on Blood and Skin Diseases malled free.
